Introduction

Rhodes College joins with Universities and Colleges across the United States in the effort to educate and prevent drug and alcohol use and abuse. Drug and Alcohol Abuse Prevention Programs (DAAPP) are the foundation of this education and prevention.

The United States Congress passed and the President signed into law the Drug-Free Schools and Communities Act Amendments of 1989-Public Law 101-226 on December 12, 1989. This Act requires institutions of higher education must certify that they have adopted and instituted a program to prevent the unlawful possession, use, or distribution of illicit drugs and alcohol by students, faculty, and staff.

To comply with the Drug Free Schools and Communities Act of 1989 (DFSCA) and subsequent amendments, students and employees of Rhodes College are informed that strictly enforced policies are in place which prohibit the possession, use, or distribution of any illicit drugs, including alcohol, on Rhodes College property or as part of any College-sponsored activity unless event-specific permission is given for of-age students to consume alcohol moderately. Students and employees are also subject to all applicable legal sanctions under local, state, and federal law for any offenses involving illicit drugs on Rhodes College property or at College-sponsored activities.

Off-Campus Conduct

The values of Rhodes College apply wherever Rhodes community members live, work, or play. Students may be held accountable for conduct which constitutes a hazard to the health, safety, or well-being of members of the College community or which is detrimental to the College's interests whether such conduct occurs on campus, off campus, or at College-sponsored events. All complaints filed with Rhodes College regarding off-campus conduct will be investigated by the Office of Community Standards.

Good Neighbor Policy

Rhodes College values all community members, including those outside our gates. The College strives to build positive, respectful, and civil relationships with our community neighbors to ensure positive, open streams of dialogue.

Complaints involving excessive noise and/or trash reported by community neighbors will result in an investigation led by the Office of Community Standards. The following are possible sanctions for community violations involving noise and/or trash:

- Warning
- Impact/Reflection Letters
- Mandatory Community Service
- Disciplinary Probation

Rhodes College Social & Alcohol Policy

In 2009, led by a group of students, the College adopted the following statement:

As a community we embrace the vision of a healthy and balanced social environment, grounded in trust and open communication among faculty, staff, and students. Such an environment fosters personal and community growth and embodies a sense of responsibility and accountability to self and others. This vision depends upon each member's commitment to achieve and maintain inclusiveness, consistency, continual education, and the growth of shared traditions. This is our duty to one another.

Rhodes supports behavior and social interactions that are:

- Legal
- Responsible
- Healthy
- Reflective of our community values

Expectations & Procedures

Responsible & Healthy Behavior

- There is a time and place for alcohol consumption that is consistent with certain college activities and times of day. Behavior should demonstrate respect for the campus, its visitors, and its community.
- Reasonable and safe consumption happens when drinking is done in moderation and not toward a goal of inebriation. When drinking is the focus of an activity or gathering, consumption is less likely to be reasonable and safe. Drinking during or before certain high-risk activities or in conjunction with health conditions or medications is dangerous to both the student and his or her surrounding community.
- Public intoxication is not a community value or activity endorsed by the social policy or alcohol policy of the College. Public intoxication is defined as a state of inebriation indicating impaired judgment, visible intoxication, or behavior that endangers or threatens the welfare of self and others. The public consumption and/or possession of alcohol in public areas, including on-campus buildings and outdoor venues, is prohibited unless a

college-sanctioned event. All student events involving alcohol must be registered in the Events Management System, and the student host of the event must have approval from the organization's advisor. Once approved, carrying alcohol from one on-campus venue to another is prohibited unless carried in a cup. No bottles, cans, kegs or other containers are allowed to be carried from one on-campus venue to another. This includes, but is not limited to: academic buildings, the library, parking lots, outdoor quads and spaces, athletic fields, roadways, and administrative buildings.

- Driving under the influence of alcohol and/or drugs is strictly prohibited both on and off campus.
- Public consumption and/or possession of alcohol in public areas, including on-campus buildings and outdoor venues, is prohibited unless a college-sanctioned event.
- Good Samaritan Statement: The health and safety of students is a priority for the Rhodes community. Because of this, the College has adopted a Good Samaritan Statement, and students are expected to assist fellow community members by utilizing this service. Students are to contact Campus Safety or Residence Life staff when they believe an impaired/intoxicated student is in need of assistance. In case of a medical emergency, students should call 911. When a student or organization calls for assistance, neither the student/organization nor the impaired student will be subject to an alcohol violation, unless the student involved demonstrates a repeated lack of care for him/herself and the campus community. This policy does not protect students from violations of other college policies, such as threatening/causing physical harm, sexual assault, harassment, damage to property, hazing, etc. This policy likewise does not prevent action by local and state authorities. Staff members will record names of intoxicated students to allow for appropriate follow-up, which may result in timely completion of alcohol education programs, assessment, or treatment, depending upon the level of concern for the student's health and safety.
- High-risk drinking and associated paraphernalia (such as funnels) which encourage the abuse of alcohol are strictly forbidden.
- In order to promote safer alcohol consumption and individual responsibility, common containers and mass sources – including kegs and stockpiles of beer or other alcohol – are not permitted.
- Shared Responsibility Statement: Students who are found to be present in an environment when illegal, unhealthy, irresponsible, or unreflective of community values drinking is occurring may be held responsible for a "Shared Responsibility-Alcohol" violation. This violation will likely result in a warning.

Hosting Events and Parties

All events planned and hosted by Rhodes College departments and registered organizations must use the Events Management System to:

- Reserve the location (indoor, outdoor, and off-campus) 14 days prior to the event start date. In coordination with other departments listed below, arrangements are needed at least 7 days in advance.
- Arrange catering through Bon Appétit and request any of the following: set-up from Physical Plant (chairs, tables, stage, etc.), AV equipment from the Barret Media Center, Campus Safety if cash is collected or security is needed, and publicity through Communications.
- In planning of events where alcohol is anticipated, the host will work with the advisor (if student group) or the VP for Finance and Business Affairs (faculty and staff) and Campus Safety to plan logistics and procedures related to compliance with the law, organizational rules and by-laws, and the well-being of guests.
- Advertising for events must follow the Posting Signs Policy in the Student Handbook.
- Clean-up of events on campus must be completed by 8 a.m. the following morning unless an earlier time is requested in advance.

Regulatory and Contractual Compliance

- Bon Appétit is Rhodes College's approved contract vendor for food and beverages. To consume alcohol in the Lair and/or Lair Patio, it must be purchased through Aramark.
- In compliance with the National Collegiate Athletic Association, possession and consumption of alcohol is prohibited at National Collegiate Athletic Association athletic events.
- No organization shall furnish alcoholic beverages to students on campus or at any College function.
- Requests for exceptions to these procedures should be made to the Dean of Students for student groups or the VP for Finance and Business Affairs for other groups.

Mailroom

It is prohibited for any student, regardless of age, to have alcohol shipped to the mailroom at Rhodes College. The mailroom will inform the Office of Community Standards if/when shipments of alcohol are received. This is a violation of the Social and Alcohol Policy.

Educational programs will be organized and conducted annually to promote continued awareness and encourage an attitude of genuine concern and care for others. Information concerning responsible use, effective party planning, indications of abuse or addiction, and resources for assistance are available for you or someone you care about in the Counseling Center.

Rhodes College Drug Policy

The Drug-Free Schools and Communities Act Amendments of 1989

Rhodes complies with the requirements of the Drug-Free Schools and Communities Act Amendments of 1989. The College will not tolerate the unlawful manufacture, distribution, dispensing, possession, or use of a controlled substance or the misuse of medications or other legal drugs on the Rhodes campus. Such activity is a threat to the personal safety of the people who work and live on the campus, and a threat to the reputation and mission of the College. Such conduct:

1. Violates the law
2. Compromises the physical and mental health of those involved
3. Threatens the fabric of the community by introducing unlawful elements.

The students, faculty, and staff of Rhodes are responsible for knowing and complying with all applicable state and local laws that make it a crime to possess, sell, deliver or manufacture those drugs considered to be "controlled substances" by the state of Tennessee. Any member of the Rhodes community who violates the law is subject to both prosecution and punishment by civil authorities and to disciplinary proceedings by the College.

Students, faculty, or staff at Rhodes are subject to disciplinary action for the possession, manufacture, use, sale, or distribution (by either sale or gift) of any quantity of any prescription drug or controlled substance or for being under the influence of any prescription drug or controlled substance, except for the appropriate use of an over-the-counter medication or for the prescribed use of medication in accordance with the instructions of a licensed physician. Controlled substances include, but are not limited to, marijuana, cocaine, cocaine derivatives, heroin, amphetamines, barbiturates, LSD, PCP, and substances typically known as "designer drugs" such as "ecstasy" or "eve." Possession of paraphernalia associated with the use, possession or manufacture of a prescription drug or controlled substance is also prohibited. Students, faculty or staff also are subject to disciplinary action for the misuse or abuse of mind-altering substances (e.g., Amyl Nitrate, Ephedrine, etc.).

The penalties to be imposed by the College may range from probation to suspension or expulsion from one's place of residence, to expulsion from enrollment, or termination from employment. However, the following are minimum penalties.

Local Drug Laws: Memphis and Shelby County use State and Federal Drug Laws

It is a criminal offense to knowingly manufacture, deliver, sell, or possess with the intent to manufacture, deliver, or sell controlled substances. The State of Tennessee defines seven categories of controlled substances. For misdemeanor possession of a controlled substance, the penalty is imprisonment of not more than 11 months and 29 days and a \$2,500 fine.

The term “drug paraphernalia” means any equipment, products, and materials of any kind which are primarily used, intended for use, or designed for use by the person in possession of them, in planting, propagating, cultivating, growing, harvesting, manufacturing, compounding, converting, producing, processing, preparing, testing, analyzing, packaging, repackaging, storing, containing, concealing, injecting, ingesting, inhaling, or otherwise introducing into the human body, a controlled substance. (T.C.A. 22-42A-1)

The maximum penalty for unlicensed possession of drug paraphernalia is a Class A misdemeanor with imprisonment up to 11 months and 29 days in jail and a \$2,500 fine.

The maximum penalty for the unlicensed possession of drug paraphernalia with intent to sell, deliver, or manufacture a controlled substance is a Class E felony with imprisonment for not less than one year nor more than six years, or a fine of not more than \$5,000, or both.

Federal Drug Laws

The Federal Controlled Substances Act specifies penalties, for a first offense individual involved in the unlawful manufacturing, distribution, or possession with intent to distribute narcotics, of not fewer than 10 years or more than life imprisonment and a fine up to 4 million dollars, or both. The penalty for simple possession, knowingly or intentionally possessing a controlled substance, is imprisonment up to one year and a minimum fine of \$1000, or both. Penalties for unlawful distribution of a controlled substance to a person under twenty-one (21) years of age is imprisonment or a fine, or both, up to twice that established for distribution offenses.

Student Penalties

The minimum penalty for a first-time drug paraphernalia violation is a requirement to participate in drug education and disciplinary probation for six months. Any student who violates the drug policy for drug paraphernalia for a second time will likely be deferred suspension or suspension from the College for at least one semester.

The minimum penalty for a first-time violation of the Drug Policy for misuse or abuse of legal drugs or the illegal use or possession of a prescription drug, or controlled substance be disciplinary probation for a full year and a requirement for participation in a drug abuse education and/or treatment program. Parental notification is also likely. Any student who violates the Drug Policy for misuse or abuse of legal or illegal use or possession of a prescription drug, or controlled substance for a second time will likely be suspended from the College for at least one year.

Shared Responsibility Statement: Students who are found to be present in an environment where drug use or drug paraphernalia is present will be held responsible for a “Shared Responsibility Drug” violation. This violation will likely result in a warning and drug education.

The penalty for sale, manufacture for sale, or distribution of a prescription drug, controlled or mind-altering substance, or drug paraphernalia is likely to be expulsion from the College.

Alcohol & Drug Education Programs

AlcoholEdu - (via Everfi) This interactive online program incorporates the latest evidence-based prevention methods to create a highly engaging user experience, inspiring students to reflect on and consider changing their drinking habits. This program is completed by incoming first-years pre-matriculation.

Alcohol and Drug Assessments - Rhodes College works with an off-campus provider to complete Alcohol and Drug Assessments for students. Students who may receive a “Good Samaritan,” multiple alcohol violations and drug violations, or is transported to the hospital as a result of alcohol consumption may be sanctioned to an assessment.

Alcohol Education Class- held monthly each semester. Students who have engaged in higher-risk drinking will be required to attend these seminars to learn about how to navigate the use of alcohol in a healthier manner.

Electronic Check Up To Go (alcohol) – This program is a personalized, evidence-based, online prevention intervention for alcohol. This program is designed to motivate individuals to reduce their consumption using personalized information about their own drinking and risk factors. The programs are designed with the most current and reliable research available by San Diego State University.

Electronic Check Up To Go (cannabis) – This program is a personalized, evidence-based, online prevention and intervention program designed to reduce cannabis use. It is designed to help motivate students to reduce their level of cannabis use using personalized information about their own behavior and risk factors. It is customized to the Rhodes College campus.

Welcome Week Alcohol Presentation – Annually the Director of Community Standards facilitated sessions to all first-year students that reviewed the Social and Alcohol policy focusing on the tenets of the Alcohol policy: Legal, Healthy, Responsible, and Reflective of Campus Values.

In this session, we discuss the Rhodes College Honor System, which consists of the Honor Code, Social Regulations Code, and Commitment to Diversity.

In addition, we discuss the Standards of the Rhodes Community. One of the messages we discuss is, “You can choose your actions, but you can’t choose your consequences, so think about your actions in regards to all you choose as you begin your journey at Rhodes.” This seems to be a great way to begin the conversations with students around their choices. The Open Rhodes Assistants are also involved in conversations with the students in smaller groups.

Campus Events - The Rhodes Activities Board (RAB) sponsors and manages a variety of events that promote campus unity, encourage responsible social activity, and expose students to diverse cultural, intellectual, and social opportunities. RAB provides lectures, movie nights, concerts, carnivals, and more on a regular basis throughout the year.

The Alcohol and Drug Prevention Student Coordinator has been doing some proactive programming in conjunction with Community Standards and the Office of Student Health and Wellness. They have done both passive and active programs, including a program bringing awareness to the effects of varying intoxication levels.

There are a number of Passive and Active Programming Efforts completed throughout the course of the year. These efforts are completed by Resident Assistants, other student organizations, as well as the office of Community Standards in collaboration with a variety of other offices on campus. A few examples of programs are: Alcohol Facts giveaway in the Dining Center; It’s on US campaign; Pancake Study Break during finals week, etc.

Registering Events - Any student group registering an event will register their event on our online Events Management System. In addition to registering the event, if an event will have alcohol present a campus safety officer may be present to check ID’s. In addition, other measures should be in place for a safe environment. Included in the Social and Alcohol policy is that no “spontaneous events” where alcohol may be present are allowed.

Stall Stories – Alcohol and Drug Prevention and Awareness information developed by our RSAP. This information highlights resources available to students on campus.

The two- and-a-half-hour course develops students’ social skills and gives specific information for detecting when friends have had too much to drink and are getting into trouble with alcohol. Disciplinary Violations

Any student found to have committed or to have attempted to commit the following behaviors is subject to disciplinary sanctions. A “student” includes all persons taking courses at Rhodes College, both full-time and part-time, pursuing undergraduate or graduate studies and persons who are not officially enrolled for a particular term, but have a continuing relationship with Rhodes College. Many of these policies are described in further detail in the Student Handbook; this list is intended as notice that violation of the policies is likely to result in sanctions.

 - Lying - in official matters.
 - Cheating, plagiarism, or other forms of academic dishonesty. Forgery, alteration, or misuse of any College document, record, or instrument of identification.

Appeals

All policies will be enforced by the Director of Community Standards or designee, as authorized by the Dean of Students.

The Director of Community Standards determines the appropriate student judicial body to review an incident report, or whether the report should instead be reviewed administratively (after consultation with the appropriate student judicial body as appropriate). Cases referred to Social Regulations Council or Honor Council will be adjudicated according to those groups’ constitutions.

When a report is reviewed administratively, the staff member will request a meeting with the student, share the report, and ask for a response from the student. The adjudicating staff may also undertake additional investigation as necessary. The adjudicating staff reserves the ability to utilize interim actions during an investigation when an incident causes concern about the safety and well-being of the community. Interim actions may include, but are not limited to, no contact orders, interim suspension, and temporary removal from campus or housing. To determine if behavior is “in violation” of policy, administrative hearing officers will consider if a violation is “more likely than not” to have occurred, using preponderance of information as a standard of proof. When a determination has been made, the student will be notified of the decision and sanction (if relevant). The disciplinary record, i.e., previous judicial action, of a student found “in violation” of a policy or policies will bear on the severity of a sanction.

Disciplinary Sanctions

The following sanctions may be imposed upon any student found to have violated College policies:

1. **Warning:** After a judicial conference or hearing, the hearing officer or body may believe the appropriate lesson has been learned and conclude the matter with a formal letter of warning.
2. **Disciplinary Probation:** A written notification for violation of specified regulations. Probation is designated for a specified period of time and includes the probability of more severe disciplinary sanctions, including suspension or expulsion, if the student is found to violate any institutional regulation(s) during the probationary period. Students can be placed on disciplinary or housing probation. The student is considered not in good social standing with the College. Good Standing may be required for participation in certain campus activities. In addition, students not in good standing may have their conduct reviewed for leadership or employment positions on campus.
3. **Deferred Suspension:** The student cannot represent the institution on or off campus in any capacity. Examples include, but are not limited to: competition in varsity athletics, international programs or activities, executive board member of any student organization, PA, RA, Diplomat, Mock Trial, or Rhodes Ambassador.
4. **Loss of Privileges:** Denial of specified privileges for a designated period of time.
5. **Fines:** Previously established and published fines may be imposed.
6. **Restitution:** Compensation for loss, damage, or injury. This may take the form of appropriate service and/or monetary or material replacement.
7. **Discretionary Sanctions:** Work assignments, service to the college, education, referral to counseling, required behavioral assessment, or other related discretionary assignments.
8. **Residence Hall Suspension:** Separation of the student from the residence halls for a definite period of time, after which the student is eligible to return. Conditions for readmission may be specified.
9. **Residence Hall Expulsion:** Permanent separation of the student from the residence halls.
10. **College Suspension:** Separation of the student from Rhodes College for a definite period of time, after which the student is eligible to return. Conditions for readmission may be specified.
