

## Application Form for Rhodes/InMotion Musculoskeletal Research Fellowship 2009

Applicant's Name \_\_\_\_\_

Email \_\_\_\_\_ Phone \_\_\_\_\_

Campus or local address \_\_\_\_\_

Home or permanent address \_\_\_\_\_

Class of \_\_\_\_\_

Academic advisor \_\_\_\_\_

Declared Major \_\_\_\_\_ or I have not declared my major but I intend it to be \_\_\_\_\_

Cumulative GPA \_\_\_\_\_

Name of person who will complete your recommendation form (one only) \_\_\_\_\_

What is your relationship to this evaluator? \_\_\_\_\_

Please find a description of the research opportunities at InMotion at the following site <http://www.rhodes.edu/academics/11318.asp>. Read this carefully, and please do *not* contact the InMotion faculty at this time. If you are selected for this program, you will be interviewed by the InMotion faculty. **Notification of selection usually occurs in early February.**

**I.** While the minimum **time commitment** to the InMotion Fellowship is one 12 week full-time summer period followed by two part-time semesters (at 8-10 hours/week), there will be an option to continue on for a second summer, so students who are interested in a longer research program will be given top consideration. Please address whether or not you have any interest in pursuing a fellowship at InMotion for more than the one summer/two semester minimum commitment.

\_\_\_\_ yes, I prefer the two summers plus academic year experience

\_\_\_\_ no, I am only interested in an experience that spans one summer plus one academic year

**II. Applicant commitment statement:** The expectation for the InMotion Fellowship is that the student will work full-time (40hrs/week) for 12 weeks during the summer and 8-10 hrs/ week each term during the academic year. In particular, no other significant summer activities are allowed (examples include study abroad, summer courses, etc). On a separate page, please list all other activities during the summers and academic year (including work-study or other jobs) that could interfere with your time commitment and discuss, if necessary, how you intend to fulfill these time commitments and that for the InMotion fellowship.

**III. Applicant Essay:** On a separate page, please write an essay of no more than 300 words describing how this research program is likely to benefit your career objectives and goals.

**IV. Please sign below indicating the following:**

I have read the description of the Rhodes/InMotion Musculoskeletal Research Fellowship and I am aware of the time commitment required.

Applicant's signature \_\_\_\_\_ Date \_\_\_\_\_

Please return this form by 5pm on **January 20, 2009** to Dr. Ann Viano, Faculty Fellow for Undergraduate Research, 423 Rhodes Tower, Rhodes College, Memphis, TN 38112.
