

Dear Incoming Rhodes College Student-Athletes and Parents:

Prior to participating on an athletic team from Rhodes College, student athletes must provide the Sports Medicine Department with their **general demographics, sport, address/cell, emergency contact, primary insurance, medical alert and health history information**. To expedite this process Rhodes College Sports Medicine Department uses an online data entry system.

Your account has already been created and partially filled to start the process. **Your first and last Name, R Number, class, gender, date of birth, Rhodes email address, and password** have been entered.

To finish your account, please visit **www.swol123.net**. The first time you visit the website you will need to use your **Rhodes email account** and enter **your R Number** as the password to login to the account. Once you are logged in to **SportsWare OnLine** please confirm the information in the **General Tab** is correct along with adding your sport.

To finish your account, please complete everything that is marked with a Red Asterisk in the **Address, Emergency, Insurance, and Medical Tabs**.

We look forward to seeing you and cannot wait until you are on campus! If there are any questions please contact Andrew Gibson, Coordinator of Athletic Training Services, at atr-forms@rhodes.edu.

Sincerely,

Rhodes College Sports Medicine Staff
