

# Rhodes College

I am so sorry to share the sad news that our beloved campus cat, PJ, passed away about 7 p.m. last night.

Staff were feeding PJ and checking on her daily over the break. She was found to have an infection and was taken to the emergency vet on Summer Avenue by Larry Ahokas on December 28. Larry cared for PJ in his home after the emergency room visit, but PJ sadly was unable to fight off her illness. Larry and Jana Files, both Rhodes staff members, have diligently cared for PJ throughout the years, and we are all so grateful for their kindness and compassion.

We are very sad to lose such a beloved member of our community. A special thank you to all of you who petted her, loved her, and made her the happiest cat in the world. We will greatly miss her sweet presence outside the cloister door.
