Your professional beautician knows the answer...

Should every woman be a blonde...

Women's hair is beautiful to those women whose nature creates a blond of their own. But to everyone else in the world, a blonde is a social stigma. A blonde is a blotted-out face, an emptyness of spirit. A blonde is a sad, empty, empty life. A blonde is a woman who has no soul in her. A blonde is a woman who has no heart in her. A blonde is a woman who has no mind in her.

Ready are equipped to answer your questions and help you get the care you need. For the professional skills and the kind service of the Demo, you can depend on the Demo.

WALTER SELLERS APPOINTED TO XENIA, OHIO BOARD OF EDUCATION

Walter Sellers, 32, was appointed to the Xenia, Ohio Board of Education in February.

The appointment of Sellers, a former high school teacher, came after a public hearing and a vote by the board. Sellers will fill the seat vacated by the retirement of a long-time member of the board.

Sellers is a native of Xenia and a graduate of the University of Dayton. He has been a teacher in the Xenia school district for 10 years and is currently the principal of the city's central high school.

In his new role, Sellers will be responsible for overseeing the district's educational programs and policies. He will also serve as a member of the board's executive committee.

Sellers says he is looking forward to the opportunity to work with the board and its members to continue improving the quality of education for all students in the district.

"I am excited to join the board and work with my colleagues to ensure that every student has the opportunity to reach their full potential," Sellers said. "I believe in the importance of providing every student with a high-quality education, and I am committed to doing everything I can to achieve that goal."

Sellers will begin his term on the board immediately.

Chicago Acquiring 100-Story "Microcity"

Chicago is acquiring a 100-story "microcity" that will be the tallest building in the world. The "microcity," called "The Futures Tower," will be built on the site of the former Merchandise Mart building in the Loop. The tower will have 100 stories and will be 1,000 feet tall.

The tower will be the tallest building in the world, surpassing the current record holder, the Burj Khalifa in Dubai. The "microcity" will include offices, retail space, restaurants, and residential units.

The project is expected to cost $5 billion and will take approximately five years to complete. The developers plan to break ground in the fall of 2023 and to complete construction in 2028.

The "microcity" will be the centerpiece of a new development area called "The Loop North," which will include a variety of retail and entertainment options.

"The Futures Tower" is being developed by the Chicago-based company "Futuro City." The company has a track record of developing large-scale, mixed-use projects in Chicago and other major cities.

"We are excited to bring our vision for "The Futures Tower" to life," said Futuro City CEO John Dvorak. "This project will not only transform the landscape of Chicago, but it will also provide new opportunities for residents and visitors alike."
