

Recent Health Professional School Acceptance information (11/15)

Medical Schools information is at the top of this document with other Health Profession information following

Graphs and statistics will give all students an idea of what they will need to do. The information will give current students an idea of where they are regarding their academic record and acceptance benchmarks.

AAMC Medical Schools (American MD programs)

Acceptance Rates. It is very hard to compare acceptance numbers across institutions. Everyone measures rates differently and may report on different populations. The resources and collective knowledge of an institution should be the important things to compare and ask about as you visit schools. What you do to prepare and succeed determines your acceptance in a professional school. Your job now should be to find a school which is a good fit for you and has a broad range of strengths, while having good HPA resources and programming.

Since you will find acceptance rates reported at other institutions, three different ways to measure the acceptance rates of our students are given below. Remember, we are not gate-keepers at Rhodes, all students who want to apply from Rhodes are assisted. This is not true of all programs. Any student at Rhodes who participates in any of our programming is considered to be in our HPA program.

Our Medical acceptance rate for only our graduating seniors going straight to AAMC Medical Schools for 2009-2014 seniors (6 yrs) averages 65%. This is 56% greater than 2014 national overall acceptance rate. However more than 20% of our successful first-time applicants apply at graduation or as recent alumni and are not counted in this statistic. Few other schools publish this acceptance rate and the culture nationwide is moving towards more and more students taking a growth year before going on to medical school.

As is true nationally, some of our students delay their application to medical school. (The average age of entering AAMC medical students is 24-25 years old.) Some of our best students do two year service programs such as Teach for America or the Peace Corps. Our students' overall acceptance rate to AAMC Medical Schools summed over 6 graduating years, is 79% (2009-2014)*. This is 93% greater than 2014 national rate. This rate is higher if we were to include students who go on to take graduate or postbaccalaureate programs before applying to medical school, or students going on to non-AAMC osteopathic and offshore allopathic schools.

I think the best measure is the following, as we allow all of our students to apply and the following emphasizes success based on student achievement. Of all Rhodes students who applied from the past 6 years (2009-2014)* who had stats of ≥ 3.40 GPA, & ≥ 27 MCAT (this is the about the 1 s.d. of the 2014 national GPA (3.69) and MCAT (31.4) averages of those accepted at AAMC medical schools) our acceptance rate was 91%. This is 42% greater than the 2014 national average for students in this same range of GPA and MCAT totals (≥ 3.40 GPA, ≥ 27 MCAT) which was 64%.

*Exclusive of alumni who took more than 8 hrs post-baccalaureate work
AAMC = American Associate of Medical Schools and award the MD degree.

Why we are not gate keepers. 1) We serve all of our students equally. 2) To be successful in medical school application it is advantageous to apply early in the cycle which may be before a MCAT score is available. Subsequent scores may put someone below 1 s.d. to benchmarks, but if they had scored higher, we feel they would have been at an advantage with their early application. 3) Some students who are more competitive for DO or offshore programs but reach to apply to AAMC schools. 4) some students from underrepresented groups who have currently unacceptable scores and grades, are recruited from this pool and only from those who have applied, for one year probationary programs at some medical schools that yield guaranteed acceptance to that medical school if a certain level of performance is attained during that first

year. These programs often come with financial aide. 5) our students are accepted from this “at risk” group above the national percentages. This speaks to our program and students. The percentage of our students scoring below 1 s.d. of the 2009 national averages, (below GPA = 3.4 and MCAT = 27) that were accepted with their first application was 32% and goes up to 53% for those persistent alumni with repeated applications as summed over 6 years. That is more than twice the national rate of 22% for these scores

Please see that graphs that follow below looking at acceptances, GPA, MCAT, First vs. repeated applications, and DO vs MD acceptances.

In looking at the 2009-2014 application cycles we averaged 30 students and alumni matriculate at AAMC medical school (MD), 2.6 at AACOM (DO) and <1 at offshore schools (MD) per year. Yearly average total = 35 accepted to any medical school. This includes all students and alumni even those who first took significant post-Rhodes course work.

Rhodes Graduates - Where Accepted and Acceptance Rate by GPA Category AAMC Medical Schools

No applicants are included below with more than 8 hours post-baccalaureate or graduate credit taken after graduation from Rhodes. Some are based on the last of repeated applications.

Cumulative GPA Categories

(Cumulative GPA is a mixture of Jr and Senior cumulative GPA's depending on AAMC application and how obtained)

2009-2014 Rhodes Graduates AAMC Medical School Applicants

First Applications for AAMC Medical Schools 2009-2014 cycles

2015 Rhodes College – Context Facts

Memphis, TN, in an urban setting, Established in 1848, Honor Code established in the 1800's
Student population, 2027 Student:Faculty ratio = 11:1
Highly selective liberal arts college Medical humanities courses.
Middle 50%: SAT (R+M) 1170-1370, Middle 50% ACT Comp. 27-31.

Member of Consortium of Liberal Arts Colleges, an organization of 66 top US liberal arts colleges and universities.
US News Best Colleges #54, 2014.

Forbes Magazine One of top 100 Colleges, 2014

One of 40 schools in L. Pope's *Colleges that Change Lives*. 2012 book, and one of 44 schools on CTCL web site, 2015.

Finalist, Presidents Higher Education Community Service Honor Roll, 2014

One of top 40 liberal arts colleges for student participation in study abroad programs, *The Open Doors Report, 2012-13*.

Named the #1 Service-minded college by *Newsweek*, 2011.

47% of our *Alumni/ae* participating in the 2011-2015 National Residency matching programs chose primary care.

Strong Academics and Strong Sciences

Post Graduate Scholarships awarded in the last 10 years (2006-2015): 4 MSTP awards, 12 Fulbright, 6 Watson, 7 Goldwater, 2 Truman, 1 NSF, 2 Luce, 5 NCAA, 9 Rotary, 1 Emerson Hunger.

The number of PhD students originating from Rhodes and ranked as weighted values to control for the size of the student body. NSF 2003-2012 data.

Overall PhD's Rhodes ranks 99 out of 1569 institutions = top 6%

Ranked just higher than: Pritzker (117), Hope (134), Trinity, CT (171)

Ranked just lower than: Occidental (47), Macalester (21), Davidson (52)

Life Science PhD's Rhodes ranks 136 out of 1569 institutions = top 9%

Ranked just higher than: Pritzker (144), Calvin (196), Washington & Lee (148)

Ranked just lower than: Scripps (84), Hope (135), Trinity, CT (85)

Physical Science PhD's Rhodes ranks 221 out of 1569 institutions = top 14%

Ranked just higher than: Pacific Lutheran (245), St. Thomas (353), Trinity, CT (254)

Ranked just lower than: Claremont McKenna (138), Oberlin (106), Colby (77)

Research: Lots of on Campus opportunities. Off campus partnerships with: St Jude Children's Research Hospital, Univ. Tenn. Health Sciences Center, Wolf River Conservation, Memphis Zoo, and others.

Service: 80% of our students are involved in community service.

Lawrence Kinney Program

Bonner Scholarships pioneered at Rhodes and now found at 25 schools nationwide

North Midtown Neighborhood/ Learning Corridor Initiatives.

CARES. Rhodes Center for Outreach and Research through Service

CODA. Rhodes Center for Outreach in the Development of the Arts

Rhodes Institute for Regional Studies

Alternative spring break trips.

Souper Contact, Soup Kitchen, a Rhodes Soup Kitchen

Hope House (children infected or affected by HIV)

Target and Grizzly Houses (for patients and their families while being treated at St Jude.)

Habitat for Humanity

Big Brother and Big Sister

Memphis Sexual Assault Resource Center (MSARC)

...Many other community organizations and at all Health Experience Partners below.

Health Care Experience is available through volunteering, internships, shadow programs, employment and some classes. Some of our community partners are listed below.

St. Jude Children's Research Hospital

THE MED (Regional Medical Center)

LeBonhuer Children's Hospital

Methodist Hospitals.

Baptist Memorial Hospitals

Planned Parenthood

Memphis Muslim Med Cntr

Church Health Center

Clínica Esperanza

...and many other area health organizations, private practices and practitioners

Osteopathic Medical Schools where our Students Have Matriculated

2009-2015 Graduating Classes* (22 alumni/ae, averaging 3.7/yr)

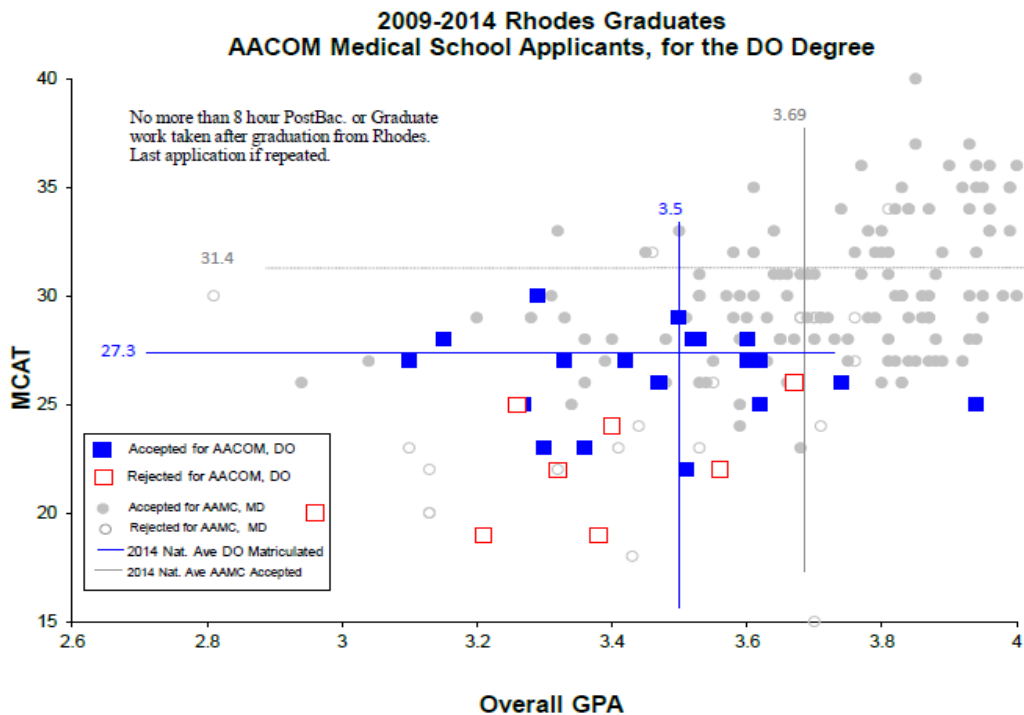

- Alabama College of Osteopathic Medicine (1)
- A.T. Still University, Kirksville College of Osteopathic Medicine (1)
- Arizona College of Osteopathic Medicine (1)
- Chicago College of Osteopathic Medicine of Midwestern University (2)
- Edward Via Virginia College of Osteopathic Medicine – Carolina Campus (1)
- Kansas City University of Medicine and Biosciences’ College of Osteopathic Medicine (3)
- Georgia Campus – Philadelphia College of Osteopathic Medicine (1)
- Lincoln Memorial University – DeBusk College of Osteopathic Medicine (6)
- Marion University College of Osteopathic Medicine (1)
- University of North Texas Health Science Center at Fort Worth Texas (4)
- University of Pikeville – Kentucky College of Osteopathic Medicine (1)
- William Carey University College of Osteopathic Medicine (1)

Other Colleges of Osteopathic Medicine where our students were accepted but did not matriculate

(2009-2015 Graduating Classes*)

- Campbell University Jerry M. Wallace School of Osteopathic Medicine
- Lake Erie College of Osteopathic Medicine- Bradenton Campus
- Liberty University College of Osteopathic Medicine
- Nova Southeastern University College of Osteopathic Medicine
- Oklahoma State Univ. Center for Health Sciences
- Rocky Vista University College of Osteopathic Medicine
- Touro University College of Osteopathic Medicine - California

*based on 2015 decisions, as of May 28, 2015, and thus may not be final for the cycle.

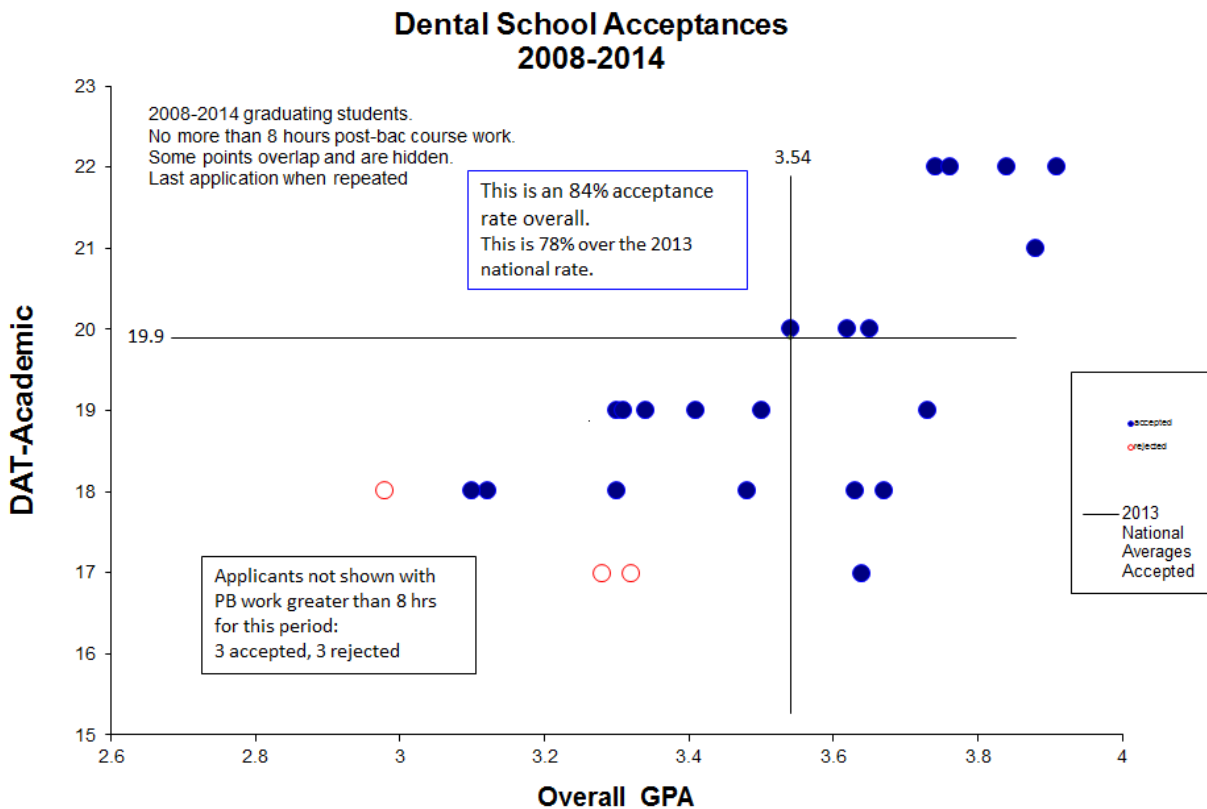

Dental School Admissions

2008-2014, 7 years (graduation year) 21 Students accepted, Ave 3/year.

(not including students who went on to take more than 8 hours post-Rhodes work before being accepted)

Matriculated	Additional Acceptances	
Tennessee (10)	LSU (2)	NYU
UAB (2)	Louisville (1)	Case Western
Ohio State (1)	Oklahoma (1)	Columbia
Meharry (2)	KCMBU (2)	Kentucky
		Southern California

Other Health Profession Acceptances by our Graduates and Ave/yr (application cycle)
 For the 2009-2014 applications cycles and graduation classes. Includes all alumni and students where known.

<u>Profession</u>	<u>Ave/yr 2009-2014 application years</u>
Public Health (MS)	4/ yr
Pharmacy (Pharm D)	3/yr.
